Junk This Way on 169

Three Princeton Chamber members are part of an amazing new shop hop!

Louise's Basement Boutique, Mon Marché and The Central Minnesota Art Co-op are part of a group of shop owners in Elk River, Zimmerman and Princeton that have joined together to turn their antique stores and boutiques into shopping destinations. They've mapped out a dozen shops along Minnesota 169 and coined the route "Junk This Way on 169." The shops sell local art, jewelry, home décor pieces ranging from shabby chic to French country, and antiques to funky junk for your home and garden. The tour was recently featured on Twin Cities Live, the Pioneer Press and Spaces a ritzy magazine! You just might want to check. For more information and to pick up a brochure, visit one of the local shops here in Princeton. Louise's Basement Boutique is located at 105 N. Rum River Dr. Mon Marché is located at 113 S Rum River Dr. Central Minnesota Art Co-op is located at 108 6th Ave. S.

Keola® in Princeton, MN

Exclusive Christian Mind-Body Fitness

"Physical training is good, but training for godliness is much better, promising benefits in this life and in the life to come." 1 Timothy 4:8

Keola® Fit beautifully marries these two important areas creating a unique style of mind-body exercise and wellness.

When: Wednesday, July 24th from 9-10 a.m.

Where: Cross of Life Church courtyard, 7702 Hwy. 95

Who: Great for all fitness and flexibility levels

Website: www.keolafit.com

Questions: 763-389-1169

DESCRIPTION:

- Centers attention on the fruit of the spirit, the cross, and the Gospel beautifully with Scripture as students are guided through a blend of yoga and pilates poses.
- Combines fluid movement with isometric holding in a way that increases full body strength with emphasis on the core, builds stability for daily activities (functional fitness) and flexibility, as well as improves posture.
- Focuses on establishing proper, full breathing throughout the flow.
- Offers time to find rest in Christ and actively listen to the Lord which is so important but often overlooked in a busy life.
- Refreshes both physically and spiritually and creates a unity of faith, body, and mind that is critical to well-being.

Bright Child is partnering with Bright Community to offer an annual scholarship for families in need

BRIGHT COMMUNITY'S City-Wide Garage Sale
 Scholarship Recipient: **Tanya Denzer**

BRIGHT COMMUNITY'S
 Softball Tournament 2013

Tanya's Story: On January 27th, Tanya went to the emergency room with a facial droop. Doctors thought she had a stroke, but after an MRI, doctors found lesions and swelling in parts of the brain that affected her memory. With further tests at the University of Minnesota, doctors concluded Tanya had Multiple Sclerosis (MS). In February, she lost her job, and she is ineligible for unemployment since she cannot work due to her inability to retain new information. Tanya's sole source of income is the child support she receives for her twin girls, yet it is just enough to disqualify her from county assistance. Tanya's sister not only gives Tanya her weekly medication injections, she also advocates for Tanya's needs. Tanya's mother also helps by letting Tanya and the girls live in their small, two-bedroom apartment. With the help of the Bright Community Scholarship, Tanya will be able to fix the air conditioning in her van which will help her avoid MS flares due to the heat. Although Tanya lost her job, home, independence and health, she has not lost her hope. Proceeds from goodwill donations go to Tanya, as well as, help set up softball tournament on August 18th.

When: Sunday, August 18 — starts at 1 PM
Where: Mark Park Fields
Why: Fundraiser for Tanya Denzer; Multiple Sclerosis Awareness

28,060

Number of new cancer cases reported in Minnesota in the year 2012.

28,410

Number of new cancer cases estimated to be reported in the year 2013.

Join us to help finish the fight.

Sixty years ago, 1 out of 3 people diagnosed with cancer survived at least 5 years. Today, thanks in part of the American Cancer Society, 2 out of 3 will survive. Let's make it 3 out of 3.

I challenge YOU to finish the fight!

Dear friends of Princeton Chamber of Commerce,

Your neighbors and friends have either helped organize the Mille Lacs County Relay for Life, or they have participated in the event as a team member. This year I challenge the Princeton Chamber of Commerce members to join us in this amazing event by entering a relay team.

The relay is a 12-hour event, beginning on Friday evening of August 2nd at 6:00 p.m., lasting until 6:00 a.m. on Saturday morning of August 3rd. It will take place at the Princeton High School track and the objective is to have one team member on the track at all times. One reason the relay lasts overnight is because the ugly truth that cancer never sleeps. The purpose of the event is to raise money and awareness to help put an end to cancer. The event is personally rewarding to all who participate for reasons of giving others hope, showing support, and providing strength to all our loved ones who are impacted by cancer. Another added benefit is the amazing sense of community you will feel when you see so many of your friends and neighbors band together for a common cause.

I challenge you to help finish the fight against cancer. To sign up, go to relayforlife.org and find your event "Mille Lacs County Relay for Life." For additional information contact Terri Kroll at 763-439-5172 or terri.kroll@hotmail.com

Together We Can Finish the Fight

100 years ago, the American Cancer Society started the fight of a lifetime. Together we can finish that fight. Let's boldly join together to make this cancer's last century.

Northwoods Animal Hospital Introduces Laser Technology

Laser technology has been helping doctors to safely and effectively treat patients for more than 20 years. This year at Northwoods Animal Hospital we have added the latest technology CO2 (carbon dioxide) laser to our practice to provide the best quality care for our clients' pets.

Laser surgery is now an option for the safe and comfortable treatment of pets. In many procedures, the laser can replace the scalpel and provide a gentler and better alternative to traditional surgery. Laser surgery can correct many common conditions such as cysts, tumors, warts and malformations around the eyes, ears, mouth or anywhere on the skin. We are also offering it as an alternative to traditional declawing in cats. Specialized internal procedures area also possible in some cases.

With laser surgery pets experience less pain, less swelling and less bleeding, and will heal more quickly, returning to normal activities and the home environment sooner. The most commonly used sur-

gical laser is a carbon dioxide laser which produces an invisible beam of intense light that vaporizes the water normally found in the skin and other soft tissue. Because the veterinarian can precisely control the laser, only a thin layer of tissue is removed, leaving the surrounding area unaffected.

Northwoods Animal Hospital offers veterinary laser surgery for pets with a variety of clinical conditions and we've already been treating some very interesting cases with a surgical laser. In some cases we can use only a light sedative and local anesthesia (numbing injection) to remove warts and other skin lumps and tags without general anesthesia.

For the month of July, if your pet has a skin tag or other skin growth, we are offering a free consultation (by appointment only) and cost estimate to evaluate if your pet is a candidate for removal of the growth without having to undergo general anesthesia. Call 763-631-6924 to set up your appointment.

FINANCIAL FOCUS: Don't Get Trampled By the "Herd"

Every year in early July, thousands of people "run with the bulls" in Pamplona, Spain. While the event is exciting, it is also hazardous, and many runners have gotten badly injured over the years. As an investor, you may find that running with the herd is dangerous to you, too – because if you're constantly following what everyone else is doing, your own financial goals could end up getting "trampled."

The urge to run with the herd, or follow the crowd, may have been hard-wired into our psyches, according to anthropologists. In prehistoric times, running with the pack may have helped people minimize danger or increase their chances for finding food. But today, there are far fewer rewards for following a herd mentality – especially in investing.

For example, consider what happens when the financial markets go through a period of volatility. Virtually every time this happens, many investors flock to gold, apparently believing that the shiny yellow metal will always be valuable and that its price will never drop. Yet, the fact is that gold prices, like those of other financial assets, do fluctuate. Furthermore, certain types of gold-based investments can be quite risky in their own right.

What other "follow the herd" movements should you avoid when you invest? For one thing, try to stay away from "feeding frenzies." If you look back about 15 years ago, you may remember the buzz surrounding speculative technology stocks – many of which were companies that had futuristic names but lacked some useful elements, such as profits or business strategies. For a few years, the prices of these companies soared, but in 2000 and 2001, the "dot-com" bubble burst, splattering investors with big losses that were either irreversible or, at the least, took years from which to recover.

The herd mentality often applies even when investors know the right moves to make. To illustrate: One of the most basic rules of investing is "buy low, sell high" – and yet many investors do the exact opposite. When prices drop, they sell, so that they can cut their losses – even though they may be selling investments that, while temporarily down, still have strong potential. On the other hand, when an investment's price has shot up, these same investors will often keep buying more shares, hoping to reap even bigger gains – even if the investment has now become quite expensive, as measured by the price-to-earnings ratio, and has little upside potential remaining.

Instead of emulating other investors, think about your own financial goals and create a viable strategy for achieving them, taking into account your risk tolerance and time horizon. Look for quality investments and hold them for the long term. Don't be discouraged by the inevitable market downturns, but be ready to adjust your portfolio as needed. Above all else, be patient and disciplined, always keeping your eye on your ultimate objectives.

It can feel comfortable when you're in the midst of a herd – but it can lead you to places where, as an investor, you don't want to go. Steer clear of the crowds and go your own way.

Civic Betterment Club

The Princeton Rum River Festival Parade was special to the Civic Betterment Club last month as we had two of our members in it. Gloria Bromberg was our Distinguished Club Member, & she highlighted the theme ("Take Me To The River") by riding in a boat. Penny Quast was also in the parade as the Grand Marshal. Penny was chosen as Volunteer of The Year by the Princeton Learning & Living Committee to acknowledge this lady's tireless efforts to get a new roof on the Depot Museum, and to recognize all the other volunteering she does for the community. To name a few, she schedules Pioneer School, locates bands for Tuesdays In The Park, rents the Great Northern Room, attends community events & meetings, plus manages the Museum. The Princeton Area Chamber of Commerce then selected Penny to be the Grand Marshal of the 2013 Rum River Festival Parade. Congratulations, Penny, and thanks for your continued efforts to get that roof. Also, thanks to the Chamber for honoring such a dedicated volunteer of a nonprofit organization..

There are 2 weeks left of Pioneer School. Amanda Johnson will be teaching the week of July 8th and Dawn Johnson will be teaching the week of July 22nd. Registration is through Community Ed (763-389-4789). There will be a drawing each week for one student to receive a free week. Also, this is the last month of Tuesdays In The Park, so come to the Depot Train Park to enjoy the music on July 2, 9, 16, & 23, starting at 7:00 pm. Thanks to Linda Talvitie for all the gardening she did around the Depot Museum to make it attractive for visitors.

Thanks to all the donors at the American Red Cross Blood Bank at Trinity Crossing last month. The help of several American Legion Auxiliary & Civic Betterment Club Members was truly appreciated. Thanks to Casey's for the donuts and the Mille Lacs County Dairy Association for the cheese that was served to the donors.

Our 100th Anniversary Committee is busy with plans for our celebration even though the club is not meeting for the summer. Our next meeting will be September 17th at 9:00 am in the back room of K-Bob, so plan to join us for updates. Please call our President, Judy Barnes (763-389-5855), regarding volunteering at our celebration. A display of our past history is being planned, so let Judy know if you have any stories, photos, items, or articles, etc. to share. Enjoy the summer!!

Rum River Health Services

Rum River Health Services is a nonprofit community health organization whose mission is "To Identify and respond to community health needs." We have program focus in three areas: Alcohol and Drug Abuse Services, Housing and Support Services and Community Health. One of our most recent services is our Primary Health Care Clinic. Our affordable, accessible and compassionate care is provided by a caring team of volunteers from our community. We also have a Health Educator on site to answer any questions you may have. We offer a sliding fee scale and accept Medicaid and Medicare as well as many commercial insurances for all of our programming.

Our scope of care in the clinic includes minor injuries, minor illnesses, adult wellness exams, sports physical and DOT physicals. Free women's health services are available through the Minnesota Family Planning Program and mental health services are also available. Rum River Health Services' Community Health Center is located at 1506 1st Street in Princeton. The clinic is open every Thursday from 5:30-8:30 p.m. There is also some Tuesday appointments available. Call 763-389-5080 Monday through Friday to check availability for clinic appointments as well as mental health appointments.
